## Gypsy Duende

The **Gypsy Duende** dance is a fusion of world dances under the perspective of the universal gypsy expression. It has been created by **Myriam Szabo** on the basis of her intimate experience of the gypsy world and her 30 years' experience as a gypsy dance soloist. It is also the result of her 15 years' passionate vocation as a teacher. It is about the fire, the spontaneity, the intensity and the madness of the Gypsy Art, combining technique and improvisation.
